Cuyahoga DD Family Supports Program (Respite Service)
Certified Provider List

The following providers have submitted all required paperwork to DODD to be included on this list of certified independent providers for Cuyahoga DD Family Supports Program services. These providers may provide respite to families as described in the Family Supports Program Guidelines. This list will be updated as providers complete certification requirements and request to be added to this list.

Families who need respite and do not have a provider identified may call any of these providers to request respite. The arrangement is between the family and the provider, including the cost for the service. Rates may not exceed those listed in the Family Supports Program Guidelines.

Respite-Individual Home/Community (IHC) - the provider comes into the family's home to provide services or provides them in the community.

Respite-Provider Home - the individual goes to the provider's home to receive respite services.

Updated: 11/19/2026
